

DEALING WITH NEW TECHNOLOGY

Are you baffled by new technology and would like some help?

Our personalized training and support can help you through the minefield of fast-moving technology and devices, and help you keep up with children and grandchildren!

To enable you to get individual, customized support, we offer this on a “one-to-one” basis (ie just you and a tutor) either in your own home or workplace.

We can cover such things as:

- Using Windows 7, 8, 8.1 & 10 etc including upgrading to this latest version
- Using your computer, laptop, tablet or Smartphone
- Using your Apple Mac computer or laptop
- Using your iPhone and/or iPad, including connecting Air Printer to your iPad
- Connecting your various devices to share photos, documents etc
- Using Microsoft Office 2007, 2010, 2013, 2016 etc
- Using photo editing software, eg Picasa, Photoshop etc
- Using Google Chrome Book (help children & grandchildren with homework!)
- How to use Google Docs, Google Drive, One Drive, iCloud, Dropbox etc
- Using Social Media, eg Facebook, Twitter, Instagram etc
- Buying online, including using Ebay
- Home CCTV DVR software setup on PC / Laptop / tablet / Smartphone (please note, we do not provide or install a DVR Box or CCTV cameras)

Plus anything else you want to know about! Just ask!
