

WORD INTERMEDIATE

The course

Our "Word Intermediate" training workshop, which is offered in association with Airedale Enterprise Services, is a practical session giving you the opportunity to develop your skills to create and edit more complex documents.

Is it for you?

The course is aimed at people who have undertaken the Word Basics course, or who have an equivalent knowledge of Word. You may be employed, or be looking for work, and need to improve and extend your Microsoft Word skills. Anyone who is going to be using Word at home is also welcome.

- Additional formatting (*eg using Format Painter, WordArt, borders and shading, page borders*)
- Inserting special characters, fractions, symbols, superscript/subscript etc
- Inserting pictures
- Creating and using text boxes
- Creating simple tables to display information
- Sorting a column
- Making use of AutoCorrect, AutoFormat and Building Blocks
- Using page breaks
- Customizing headers and footers
- Editing partly completed draft documents
- Creating a letter using a business-acceptable layout
- Creating and saving templates
